

3M™ Stamark™ Pavement Marking Tape
Pre-Cut Symbols and Legends

Symbols of

Safety

3M makes it fast and easy to improve intersection safety for the long term. Pre-cut symbols and legends made from 3M™ Stamark™ Pavement Marking Tape are designed to meet your budgets and objectives. 3M can cut a wide variety of designs to meet your custom specifications, size requirements and contrast marking needs. Plus, you get the durability and safety that comes with 3M's industry-leading retroreflective and adhesive technologies.

The Customized safety solution

3M™ Stamark™ Pavement Marking Tape Pre-Cut Symbols and Legends

Born of 3M innovations in retroreflective science, polymer chemistry, and adhesive and ceramic technologies, 3M™ Stamark™ Pavement Marking Tape has delivered high visibility guidance and improved roadway safety for more than two generations of drivers. It's designed for long-term durability and maximum visibility at intersections, so motorists can react quickly to important roadway messages and information. In addition, 3M pre-cut symbols and legends are manufactured in a controlled environment to ensure the highest quality and consistency.

3M can pre-cut a wide variety of the most common symbols and legends used in both Australia and New Zealand - to match your budget and visibility objectives.

Product availability

3M can pre-cut virtually all common symbols and legends, from standard to customized versions.

Fast and easy to apply

Stamark Symbols & Legends adhere to properly prepared pavement surfaces above 15 degree celcius is almost as easy as peel, apply and tamp. 3M Symbols & Legends can also be inlaid into hot asphalt at 65 degree celcius for an even stronger and durable life cycle.
