3M™ Scotch-Blue™ Industrial Masking Tape 2750

**Introducing Scotch-Blue™ Industrial Masking Tape 2750**

- High performance, high quality Scotch-Blue tape
- Temperature resistance to 120°C
- Rubber-based adhesive providing strong holding power on most surfaces including aluminium and stainless steel
- Clean removal up to three days in sunlight UV-exposed conditions
- Straight, sharp paint lines
- Flexibility for use with both solvent- and latex-based paints
- Crêpe paper backing allows conformability to curves and shapes

# True Blue Industrial Masking Tape

Aerospace

Commercial vehicles

Rail

Building and construction

## Key market opportunities

Scotch-Blue™ 2750 Masking Tape is a high performance tape with a more aggressive adhesive that can be used in high temperature bake operations as well as in many other varied applications including painting, masking, bundling, protecting and shielding. Scotch-Blue™ 2750 Masking Tape gives you a professional finish every time.
