3M Hot-Melt Applicators and Adhesives

Speed &
productivity

Fast setting adhesives.
Applied for speed and
durability.

Fast &
Tough

3M Hot Melt Applicators are designed to help improve productivity, lower costs and minimise waste in industrial applications. From high volume to detail work, 3M Hot Melt Applicators are uniquely designed to ensure optimum performance through melt-on-demand or progressive feed technology for your production needs.

3M TCQ Applicator:

Is for use with the 3M TCQ Hot-Melt Adhesive only.

3M LTQ Applicator:

Is for use with the 3M Low-Melt (cool temperatures) Adhesives only.

3M Hot Melt Applicators feature a comfort palm trigger and a precise adhesive dispensing mechanism. The adhesive delivery rate is 1.6 kilos per hour using the TCQ Applicator. The LTQ with Quadrack Converter applicator features a precise adhesive dispensing mechanism with a delivery rate of 1.2 kilos per hour. The cool temperature is ideal for safety focussed workplaces who wish to eliminate the risk of potential employee burns and scalds.

Whether you are in Construction, Electronics, Furniture, General Industrial, Signage, Specialty Vehicle, Transportation or Woodworking, there is a 3M Hot Melt Adhesive to suit your application.

3M Scotch-Weld Adhesives to suit Scotch-Weld Models TCQ, LTQ

The 3M Hot Melt Adhesive system are fast setting adhesives, applied for speed and durability.

TCQ 3738 - Tan 5kg:
High delivery rate and long bonding range. General purpose for wood, plastic and furniture.

TCQ 3764 - Clear 5kg:
Flexible at low temperatures. Can bond many plastics and polyolefins. Good impact resistance.

TCQ 3762 - Tan 5kg:
Fast setting for corrugated packaging, recoupage etc. Low cost, general purpose.

LTQ 3792LM - Clear 5kg: Low Melt. Long bonding range. General purpose for heat sensitive substrates, eg. POS displays.

LTQ 3762LM - Light Amber 5kg: Low Melt version of 3762. Fast setting for packing applications, beadboard, corrugated and displays.

Converting

Converting to die cutting can add value to any product by increasing design flexibility and freeing designers from many constraints, resulting in higher quality finished products.

Safety First!

Do you have the right safety PPE for your employees? When involved with industrial abrasives or aerosol spray adhesives and cleaners, safety glasses or goggles, as well as a respirator may be the workplace safety you need.
